

CDPHP Commercial Clinical Formulary-1 2025

NON-DISCRIMINATION/MULTI-LANGUAGE INTERPRETER SERVICES: APPLIES TO MEMBERS/ENROLLEES ONLY

Discrimination is Against the Law

Capital District Physicians' Health Plan, Inc. (CDPHP®) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. CDPHP does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

CDPHP:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the CDPHP Civil Rights Coordinator.

If you believe that CDPHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: CDPHP Civil Rights Coordinator, 6 Wellness Way, Latham, NY 12110, 1-844-391-4803 (TTY/TDD: 711), Fax (518) 641-3401. You can file a grievance by mail, fax, or electronically at <https://www.cdphp.com/customer-support/email-cdphp>. If you need help filing a grievance, the CDPHP Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20211, 1-800-868-1019 (TDD 1-800-537-7697).

ΠΡΟΣΟΧΗ: Αν δεν μιλάτε Αγγλικά, υπάρχουν στη διάθεσή σας υπηρεσίες γλωσσικής υποστήριξης οι οποίες παρέχονται δωρεάν. Καλέστε τον αριθμό που θα βρείτε στην ατομική σας ταυτότητα μέλους (TTY: 711).

VINI RE: Nëse flisni një gjuhë jo-anglisht, shërbime falas të ndihmës së gjuhës janë në dispozicion për ju. Telefonojini numrit në kartën tuaj të ID të anëtarit (TTY: 711).

INTRODUCTION

Capital District Physicians' Health Plan, Inc. (CDPHP) is pleased to provide the *CDPHP Commercial Clinical Formulary-1 2025* as a useful reference and informational tool to assist practitioners in selecting clinically appropriate and cost-effective drug therapies.

The information contained in this *CDPHP Commercial Clinical Formulary-1* and its appendices is provided by CDPHP, solely for the convenience of medical practitioners. CDPHP does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature. This *CDPHP Commercial Clinical Formulary-1* is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical practitioner in his/her choice of prescription drugs. All the information in the *CDPHP Commercial Clinical Formulary-1* is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

CDPHP assumes no responsibility for the actions or omissions of any medical practitioner based upon reliance, in whole or in part, on the information contained herein. **The medical practitioner should consult the drug manufacturer's product literature or standard references for more detailed information.**

National guidelines can be found on the National Guideline Clearinghouse site at <http://www.guideline.gov>.

Please note, the information found in the *CDPHP Commercial Clinical Formulary-1* does not apply to the CDPHP Medicare products that offer prescription drug benefits. For information on these plans, please visit the Medicare Information section on <http://www.cdphp.com>.

PREFACE

The *CDPHP Commercial Clinical Formulary-1* represents CDPHP's prescription drug formulary and is organized by sections. Each section is divided by therapeutic drug class primarily defined by mechanism of action. Unless exceptions are noted, generally all applicable dosage forms and strengths of the drug cited are included in the *CDPHP Commercial Clinical Formulary-1*. **Generics should be considered the first line of prescribing.**

The CDPHP formulary is a closed formulary. In a closed formulary, drugs are either covered or not covered. Products not covered are only available to be covered by medical exception.

Coverage of any agent listed in the formulary is subject to the member's contract and prescription drug rider. Quantity limits, prior authorization, dose optimization, and/or step therapy requirements may apply. Injectables that are listed in the *CDPHP Commercial Clinical Formulary-1* are covered under the pharmacy benefit (and require a drug rider). Pharmacy benefits may impose additional coverage restrictions or may not cover selected drug products. In addition, over-the-counter (OTC) products, with the exception of insulin and diabetes monitoring products, are usually not covered benefits unless the OTC product has been added to the formulary. Covered OTC products and their associated tier placement are listed throughout this document.

Drugs represented in the *CDPHP Commercial Clinical Formulary-1* may have varying cost to the member. Tier 1 medications are available at the lowest cost, and tier 3 medications and medications not on the list will cost the most.

The tiered format places drugs into tiers in the following manner:

- Tier 1: Generic prescription drugs which offer the most cost-effective alternative to available brand-name prescription drug products. It may also include those brand-name prescription drug products determined by the Plan's Pharmacy and Therapeutics (P&T) Committee to be included in quality initiative programs.
- Tier 2: Preferred brand-name prescription drug products which offer overall clinical and/or financial value. Selected generic prescription drug products may also be included in this tier if they are not as cost-effective as a tier 1 generic drug.
- Tier 3: All other covered brand-name or generic prescription drugs which do not offer significant clinical and/or cost advantages over a tier 1 or a tier 2 drug.

Due to Federal and New York State mandates, certain drug classes will have no member cost share or a reduced member cost share than what is stated in this document. Examples of these drug classes include, but are not limited to, diabetic drugs, oral contraceptives and oral oncology drugs.

Please note that all new drugs will not be covered on the formulary and require prior authorization until reviewed by the CDPHP P&T Committee.

PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The CDPHP P&T Committee includes a cross-section of practicing network physicians, advanced practitioners and pharmacists whose primary role on the committee is to ensure that the most clinically appropriate and cost-effective drugs will be available for CDPHP members. The P&T Committee is responsible for reviewing new drugs, reviewing and revising pharmacy policies, reviewing patient profiles and drug utilization review quarterly reports, and reviewing clinical initiatives/programs for all lines of business. The members of the P&T Committee are bound by a confidentiality and conflict of interest agreement, which is renewed annually.

The actions of the CDPHP P&T Committee are communicated after each committee meeting by posting final decisions on the CDPHP Web page Formulary Updates section of Rx Corner on the Providers tab of <http://www.cdphp.com>.

PRODUCT SELECTION CRITERIA

All new drugs will not be included on the formulary and require prior authorization review until reviewed by the P&T Committee.

When a new drug is considered for formulary inclusion, it will be reviewed relative to similar drugs currently on formulary. In addition, the entire CDPHP formulary is reviewed on an annual basis.

Quantity limitations, prior authorizations, dose optimization, and/or step therapy may also apply to formulary drugs. **Drugs not listed on the formulary document are not covered unless medical exception procedures have been followed and a medical exception is approved.** Please note that certain drugs are additionally not covered as described in member contracts.

GENERIC SUBSTITUTION

Generic substitution is a pharmacy action whereby a generic version is dispensed rather than a prescribed brand-name product. **Lowercase font** indicates generic availability. One way to reduce out-of-pocket cost is by requesting a generic drug. Generic drugs are usually priced lower than their brand-name equivalents. Research shows that members can save an average of 30-80% when they fill their prescriptions with a generic drug instead of a brand-name drug.

Prescription generic drugs undergo a strict U.S. Food and Drug Administration (FDA) approval process. Here are just some of the FDA standards and practices that generic manufacturers must follow:

- A generic medicine must be bioequivalent (performs in the same manner) to its brand-name counterpart.
- A generic medicine must pass the FDA's review for both active and inactive ingredients.
- The manufacturer facility of the generic medicine must pass FDA inspection.
- The generic medicine must have the same active ingredients and be available in the same strength and dosage form as its brand-name counterpart.
- The label of the generic medicine must include the same information found on the packaging of its brand-name counterpart.
- Finally, the FDA continues to monitor the generic drug for quality control after it has been approved (<http://www.fda.gov>).

The FDA is very strict in their view of a generic medicine before it goes to market. In most cases, the average person would not be able to tell the difference between a generic and a brand-name drug, other than the size, color or shape. In fact, U.S. trademark laws require that generics look different from their brand-name equivalents.

SPECIALTY DRUGS (SP)

Specialty pharmaceuticals are used in the management of complex chronic or genetic conditions and certain catastrophic diseases. They are often injectable medications, but they may also include oral agents. CDPHP has chosen ConnectRx Latham or CVS Caremark Specialty Pharmacy Services to dispense certain high-cost injectables and biotech drugs for its members.

Both offer the following:

- The ability to receive a 30-day supply of medications and additional supplies needed for the medications. Medications can be sent to a patient's home, another address selected by the patient, a doctor's office, or they can be picked up at the pharmacy.

- Help for side effects, educational materials about certain health issues and refill reminder calls
- ConnectRx offers free, personal delivery, convenience, a hassle-free transfer process, and deep discounts on generic drugs.
- CVS Caremark provides access to health care professionals for emergencies 24 hours a day, seven days a week and Patient Resource Centers where CDPHP members can find the latest news, helpful tips and tools, drug information, safety alerts, support groups, community links, and other useful resources.

Get Started with ConnectRx Latham

Call (518) 313-1016 or toll free at (855)-967-5900 or visit online at <http://www.pharmacyconnectrx.com>.

Get started with CVS Caremark Specialty Pharmacy Services

Call 1-800-237-2767, fax 1-800-323-2445, or visit them online at <https://www.cvsspecialty.com>.

Drugs marked with a "SP" symbol are required to be filled through ConnectRX or the CVS Specialty Pharmacy or another pharmacy in the CDPHP specialty network. ConnectRX can be contacted by calling, toll free at (855)-967-5900. CVS Specialty Pharmacy can be contacted by calling, toll-free at 1-800-237-2767.

PRIOR AUTHORIZATION (PA)

CDPHP requires prior authorization for certain drugs before they will be approved for coverage. Coverage will be approved when specific approval criteria for that drug is met, according to CDPHP policies. In addition, drugs identified through the Plan's drug utilization review program as being used off-label will be subject to prior authorization requirements as described in the CDPHP pharmacy policy, Off-Label Uses of FDA-Approved Drugs, and/or a drug specific policy. As defined by the U.S. Food and Drug Administration (FDA), off-label usage is the use of a drug product for an indication, dosage form, dose regimen, population, or other use parameter not mentioned in the approved labeling of that drug.

Drugs indicated as requiring prior authorization is subject to change from time to time. If a drug is listed as requiring prior authorization, the prescribing practitioner should initiate a prior authorization request with CDPHP. Prior authorization can be requested through the CDPHP Pharmacy Department by faxing the request to (518) 641-3208.

Drugs that require prior authorization are noted within this booklet by the "PA" symbol. Drugs subject to drug utilization reviews are noted with a "DUR" symbol.

DUR	Subject to drug utilization review
OTC	Over the Counter
PA	Prior Authorization
PD	Preventive Drug
QL	Quantity Limit applied on number of doses per day
QLC	Quantity Limit applied over a specific time period
SP	Required to fill through ConnectRX at (518) 313-1016 or toll-free at (855)-967-5900 or CVS Specialty Pharmacy, toll-free at 1-800-237-2767, or another pharmacy in the CDPHP specialty network
ST	Step Therapy criteria applies
ACA	Covered under the Affordable Care Act; no member cost share
Rx4L	Rx4Less Program Applies (specific maintenance medications; visit cdphp.com/save)

PRESCRIPTION QUANTITY MANAGEMENT

CDPHP, working closely with the P&T Committee members, has chosen to limit the quantity of certain drugs that CDPHP may cover for a member. Quantity limits are in place for quality and/or clinical considerations. The list of drugs that have quantity limits is subject to change from time to time and may not be all-inclusive. Drugs that have quantity limits are noted within this booklet by the "QL or QLC" symbol.

DOSE OPTIMIZATION

Dose optimization is a program to support appropriate and cost-effective drug therapy by recommending a higher once-daily dose of a product when members are taking multiple-daily doses of a lower strength. For example, a member may be taking two 20 mg tablets of a drug per day when only one 40 mg tablet could be used. If a practitioner determines that multiple daily doses are medically necessary, please submit the CDPHP Medical Exception Form by fax to (518) 641-3208 for consideration.

STEP THERAPY (ST)

The Step Therapy (ST) program is another form of prior authorization. The step therapy program uses a standard protocol to determine if members qualify for a drug that otherwise would not be covered. Using the standard protocol, certain drugs are not covered unless members have tried one or more "prerequisite therapy" medication(s) first. If it is medically necessary for a member to use a step therapy medication as initial therapy without trying a "prerequisite therapy" drug, the practitioner can request coverage of the step therapy medication through a medical exception.

The list of drugs that require step therapy is subject to change from time to time and may not be all-inclusive. If a drug is required and the practitioner determines that the drug is medically necessary, please submit the CDPHP Medical Exception Form by fax to (518) 641-3208 for consideration. Drugs that require step therapy are noted within this booklet by the "ST" symbol.

MEDICAL EXCEPTION PROCESS

The CDPHP P&T Committee developed the Medical Exception policy so that practitioners may request a drug not included on the formulary for a specific patient when medically necessary. The Medical Exception process is coordinated through CDPHP's Pharmacy Department. Requests are processed in the order received. Medical exceptions can be requested through the CDPHP Pharmacy Department by faxing the request to (518) 641-3208. In addition, a member may initiate a medical exception request by calling the telephone number printed on their CDPHP identification card or by utilizing the "Medical Exception Request" option found under Prescription Forms & Lists on the Forms and Tools section on the members tab of CDPHP's website, www.cdphp.com. A response will be sent to both the medical practitioner and member as soon as possible.

EDITOR

Your comments and suggestions regarding the *CDPHP Commercial Clinical Formulary-1 2025* are encouraged. Your input is vital to this formulary's continued success. All responses will be reviewed and considered. Please send your comments to:

Formulary Changes Pending

The Plan's pharmacy & therapeutics (P&T) committee develops CDPHP drug formularies to ensure that the most clinically appropriate and cost-effective drugs are available to CDPHP enrollees. The committee meets every other month and will make formulary changes during those meetings. Current CDPHP enrollees using a drug therapy on the date of the change made at the P&T meeting will be able to continue to use the drug with the same benefit until the end of their current plan year if the change would be considered as a negative change. Enrollees new to CDPHP after the date of the P&T meeting will be subject to the formulary change made. Enrollees and their corresponding providers will be notified in writing of any pending negative change at least 90 days prior to the date the enrollee will be subject to the change made.

Please refer to the table below for pending formulary changes.

Drug Name/Strength	Formulary Change Action	Date of Formulary Change	Date Formulary Change Will Be Effective For Enrollees Using Therapy on Date of Change
Corlanor oral tablets	Brand name not covered	9-11-2024	Date of enrollee's renewal in 2025
Endari powder pack 5gm (glutamine-sickle cell)	Brand name not covered	9-11-2024	Date of enrollee's renewal in 2025
lansoprazole delayed-release oral capsules	Tier change to tier 2	9-11-2024	Date of enrollee's renewal in 2025
omeprazole delayed-release capsules	Tier change to tier 2	9-11-2024	Date of enrollee's renewal in 2025
Over the counter formulations of lansoprazole and omeprazole	Not Covered	9-11-2024	Date of enrollee's renewal in 2025
pantoprazole delayed-release oral tablets	Tier change to tier 2	9-11-2024	Date of enrollee's renewal in 2025
